Research Skills

Abhi Dahiya

Coding and Ai enthusiast with interest in science.
Gurugram, Haryana, India

Summary

Selected for an internship at IIT Delhi to further explore engineering concepts.

Completed an engineering-focused internship under the I Discover Me program at GD Goenka Public School.

Worked on Mechanical and Electrical Engineering projects with emphasis on research and presentation.

Gained skills in research, problem-solving, and effective communication.

Experience

AblyWorks

Internship Trainee

April 2025 - June 2025 (3 months)

Noida, Uttar Pradesh, India

Javascript and coding basic intern. Helps in content development with members of the company.

Gd goenka public school sec 48

Student Intern

October 2024 - November 2024 (2 months)

Gurugram, Haryana, India

Completed a one-month internship at G D Goenka Public School, Gurugram as part of the I Discover Me program with a focus on Engineering, under the mentorship of Ms. Meenu Chugh.

Worked on a project titled "University Research and Presentation", which involved in-depth exploration of higher education options in India and abroad. The research focused on understanding academic requirements, future scope, required skills, and alignment with individual interests and values.

Presented findings to a panel of judges and an audience, which helped enhance my skills in public speaking, critical thinking, and clear communication. The internship also strengthened my self-motivation, research capabilities, and ability to deliver structured, insightful presentations.

Indian Institute of Technology, Delhi

Student Intern

January 2024 - February 2024 (2 months)

Delhi, India

Completed an internship program at IIT Delhi, where I presented an original engineering-based idea as part of a competitive innovation initiative. The process involved conceptualizing a practical solution, conducting background research, and presenting the idea to a panel of experts.

My idea was selected for further counselling and mentorship, offering me the opportunity to receive guidance from IIT faculty and professionals. This experience deepened my understanding of engineering principles, boosted my critical thinking, and strengthened my ability to communicate technical concepts clearly and confidently.

Gd Goenka Public school sec 48

Student Intern

May 2023 - May 2023 (1 month)

Gurugram, Haryana, India

Successfully completed a one-month on-site internship at G D Goenka Public School under the I Discover Me program with a focus on Engineering. Worked on a research-based project titled "University Research and Presentation", exploring higher education opportunities in India and abroad, their requirements, and alignment with personal aptitudes and interests.

Presented findings to a panel of judges and the school audience, enhancing my skills in research, public speaking, and structured communication. Developed strong analytical thinking and project management throughout the experience.
